Introduction

Freightit is one of the most trusted international freight forwarder. At freightit, we liaise with our network of international freight carriers and experts to cover the entire international freight forwarders supply chain. We do international shipping and freight forwarding to middle east, far east, Europe and the rest of the world.

We are committed to provide innovative and cost effective logistical solutions that meet customer's specialised needs. Act with integrity and respect in our dealings with our customers, fellow colleagues and service providers. Deliver a high service value to our customers and focusing on reliability, efficiency and dedication to quality.

We achieve this goal by combining not only traditional forwarding functions including transportation, documentation, international banking coordination, marine insurance, and government compliance; but also non-traditional business foresight, planning and implementation.

We identify and clarify our clients needs, as well as our clients' customer's needs in providing solutions resulting in long term satisfaction, growth and profitability.

Our highly skilled and experienced team invest their time to understand your business, your needs and expectations, to create the optimum solution for your individual shipping requirement. Remaining professional and diligent at all times, they apply their product knowledge to offer immediate response and practical advice, together with a personal touch which comes from a genuine desire to provide the best customer service possible.

To be the leading logistics service provider in the Middle East and to keep growing and expanding throughout the globe keeping quality & time in focus

Vision

With our base in the middle east and a strong focus, We strive to provide our customers with flexible solutions and a successful logistics experience.
